Subject: Senate Bill 660 (Opposed)

I am writing you in opposition of Senate Bill 660 regarding the Prairie Systems plan to supply medical grade Marijuana to selected patients. This is not what the people want and voted for and, I will assure the people that you will be remembered for the vote that you cast on this bill in August and November of 2014.

We outsource everything to other states and countries so that Michigan residents get the lowest choices of jobs and denial of equal opportunity. The Canadian government has no respect whatsoever for American Medical Marijuana patients and supporters. Yet they bring Kilograms of Cannabis to America via the Ambassador Bridge with no objection. If an American has one gram of their legal medicine and goes to Canada, they will be shaken down, strip searched and, humiliated like a criminal for being an American.

This must change ASAP!

Our Medical Marijuana is pure Michigan and we want to keep it that way. Any deviation from this will not be taken lightly and, a new person representing that district will be elected, starting with Attorney General Bill Schuette.

Vote NO on Senate Bill 660

Sincerely

Richard C. Clement PO Box 26123 Lansing MI 48909 [rclement@voyager.net](mailto:rclement@voyager.net)
